Good morning, sweet orchid

Good morning, sweet orchids,
Friends of mine.
You are gorgeous,
And looking so fine.

Good morning, beautiful orchids,
I sing you a song.
Happy to greet you,
This time at dawn.

Good morning, blooming orchids,
Wet from the rain shower.
Drinking the droplets,
Whilst feeding your flowers.

Good morning, lovely orchids,
Another day has begun.
Wishing nature will send us,
Rain clouds with some sun.

Good morning, vivid orchids,
A vision to my eyes.
Anchored to the trees,
Reaching for the skies.

Thank you, mine orchids,
Your beauty endures.
Seeing you each morning,
Is a wonderful reward.
